

# Jet Lag

## Joss Stone

Little angels whisper softly  
While my heart melts for you and I'll see  
Only sunshine, only moonlight  
For the first time it's real And the higher you take me  
The more that you make me  
Feel so hazy  
Tell me what this means I got jet lag and I never even left the ground  
See it's like that every time you come around  
Oh, I'm so hung over and I never even touched a drop  
See I can't get enough, this must be love, jet lag, jet lag How the time flies when you're near me  
Get those butterflies inside and I'll be  
Where the stars shine, where the birds fly  
'Till the next time you're mine And the higher you take me  
The more that you make me  
Feel so hazy  
Tell me what this means I got jet lag and I never even left the ground  
See it's like that every time you come around  
Oh, I'm so hung over and I never even touched a drop  
See I can't get enough, this must be love, jet lag, jet lag Whenever you're with me, it feels like gravity  
Ain't got no hold on me  
Tell me what does this mean  
This must be love, love I got jet lag and I never even left the ground  
And it's like that every time you come around  
I'm so hung over and I never even touched one drop  
See I got jet lag, jet lag Baby don't cha know  
You really really got it goin' on  
Baby don't cha know  
You really really got it goin' on  
Baby don't cha know  
You really really got it goin' on, on  
Baby don't cha know  
You really really got it goin' on, on  
Baby don't cha know  
You really really got it goin' on, on  
Baby don't cha know  
You really really got it goin' on, on  
Baby don't cha know  
See it's like that every time you come around  
Oh, I'm so hung over and I never even touched a drop  
I never even left the ground, I never no no, oh, jet lag, jet leg Jet lag and I never even left the ground  
Like that every time you come around  
I'm so hung over and I never even touched a drop
