Kind Of A Girl

Tinted Windows

Woah-woah
Woah-woah
Woah-woah
Woah-woahShe's the kind of a girl you can't get enough of
She's the kind of girl you need to feel the touch of
She's the kind of a girl that can really shake up your whole world
The kind of a girl you kinda never wanna let goUh oh uh oh uh oh woah woah woahI had some time to kill, I had a lot to learn yeah
She said I heard you got a little money to burn yeah
She said she knew some things to do, some places we could go
The way she looked I guess I kinda couldn't say noUh oh uh oh uh oh woah woah woahAnd she took me by the hand
And she said she had some plans
And I tried so hard but I didn't quite understand
But she knows just what to say
And she always gets her way
And before too long it was clear as day
This girl was hear to stayShe's the kind of a girl you can't take too much of
She's the kind of a girl you kinda had enough of
She's the kind of a girl that can really take up your whole world
The kind of a girl you kinda wish you didn't knowUh oh uh oh uh oh woah woah woah
