I'm Not from Here

Sondre Lerche

I'm not from here please help me out
I didn't grow up 'round here
Is it my eyes that give me away?
Or is it just the tears?I shouldn't be so lost
But I know not what these things cause
So please let me be to you ever near
Although I'm not from hereI'm not from here excuse me please
Pardon my ignorance dear
I just don't get the lingo' you speak to me
It just sounds GreekI shouldn't be so lost
But I never learned what these things caused
Please let me be to you ever near
Although I'm not from here
