

# Superman's Black In The Building

## Public Enemy

Jump back poppin' that track  
Gonna wreck it now Watchin' y'all, to the record now  
Catchin' y'all attention  
So shake it now  
Oh no find my flow  
Gonna break it down  
Came a long way  
You cant take it now  
Regulatin' on the regular  
Do your thing. on the floor  
Can you kick it now Do your thing  
Do the damn thing baby  
C'mon bring it now  
Go back like 8 tracks and cadillacs  
Way before crack even similac  
Hell with the wire taps  
New booby traps  
Hear the hand claps uh  
Where the party at? Do the damn thing  
Getcha gravy on  
Cause I be gettin' it down  
And your crazy on  
Go on and on an on till the break of dawn  
I give a damn  
Cause damn is ya baby gone Do whatcha wanna do  
But try to do the right thing  
If its the right thing  
Then go on  
Do the damn thing  
I know you get soul  
Like a bbq chicken wing  
Treat me like a king  
Lemme hear you sing Money cant buy you love  
Thought you knew that  
Eight days a week  
Livin' like a rugrat  
Sex machine cant face fact  
Gotta chase the cat  
Hear the hand claps

Turn the damn thing up  
Here we go again  
No means no  
So now you know again  
Flow it like a poet  
Get ready then  
Dance gotcha tremblin' in dem timberland  
Jumpback poppin' that track  
Gonna shake it now  
Check the cat  
Gettin' wreck gonna break it down the record now  
Gotta break it down  
Rhymin' this flow on the go  
C'mon get it now Yeah  
I'm saying we went from gods to niggas  
From queens to bitches  
Who in the hell told you that you were in heaven  
Who in the hell told you that you were in heaven  
Platinum gold a house and a car  
But poverty all around you by far  
People living under bridges or in a car  
Heaven for the super rich who call it modern living  
But the man from the east calls it a wilderness  
Cause heaven for whites is hell for blacks in america  
Heaven and hell are two conditions of life  
Not a place up there or a place down there  
It's a condition of life on earth so value life  
Heaven is not things  
It's a higher level of thinking  
And at the moment one may change the conditions of life  
Our people think a job, partying and endless flow of women and moet,  
Krystal and how much sex you can have is heaven  
Sometimes you got to think that it may not be heaven all the time  
But being able to meet life's struggles head on, head on, head on  
Without compromising your soul soul soul soul  
In this worlds life  
Not life after death  
Life on earth  
Life  
Not worrying about how you are gonna eat or put clothes on your children  
Sit yourself in heaven at once  
A woman is a very important part of heaven  
She produces heaven with you  
And if she is connected to the source of life  
So heaven is a condition of life

And you can have it on earth  
So value life  
Value life  
Who in the hell told y'all you were in heaven  
Oh, oh  
Lord have mercy!
