

# Balding Matters

## Grinspoon

Would you, could you  
Lend a hand with my barbeque  
I've got beer beer  
Get round with your packed up wacky sack Balding matters  
Balding matters Twist round, sit down  
Leave town like you did the last time  
Feels great, so good  
Yeah, I need you to understand that Balding matters  
Balding matters Cold  
Cold shoulder Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number Since when depend, depend on your approval  
I got date of D.O.B  
Your name and number  
What a fuckin' rort
