

Moonwalker

Minority 905

Verse 1:

You were gone too soon
Singing your heart out
Your broken heart will be mend
Walking the moon tonight
While I'm here
Moving my tassel
I couldn't imagine this day
Turning out this way

Chorus:

What's it like there?
I'm running on empty down in here
I didn't realize what I had
Until the silence got to me

Verse 2:

I went to bed
And turned the lights out
Can you wake me up or tell me
That I must be dreaming
Waking up
To the voices
Reminding me that this is
The harsh reality

[Chorus]

[Instrumental]

[Chorus]

Outro:

And I can't do anything
With the silence here with me
I can't do anything
