The Immortal (Extended Version)

Jasta

I am the immortal
All that's born of sacrifice
I am the immortal
Persistence personifiedDwelling in every possibility
Knowing my deeds will get their chance to speak
Days are drawing closer
My emotions running colder
Grateful in every step I take
Temperance keeps me sane
Stop trying to find yourself
and start defining yourself.
You can't crush the limits without pushing them
I've taken the bad with the worse
I've seen the gifts I lift the curse
Rip the roots of doubt from the ground
Take what's mine the time is now
