

Catchin' On Fast

[Elvis Presley](#)

Advisory - the following lyrics contain explicit language:

Won't you show me how to kiss
Put your lips on mine?
Do you do it just like this?
Tell me, I'm doing fine We got a good thing going now
Take your time
Come on and make it last
Love may be new to you but ooh, I'm catchin' on fast Give, give, gimme all you've got to give
Love, love, love every moment you live
Now you've taught me all you know, have I passed the test?
Show me all you've got to show, baby, you're the best But tell me, I've learned quickly
And I know each trick
I'm sure love's gonna last
Love maybe new to you but ooh, I'm catchin' on fast
