Phantom Rider

Tora Tora

Hands of time I feel 'em pass you by
Witness the pain that it leaves behind
Shadow grows darker and when it comes to show
Takes you away when the winds are blowin' coldOhh, Phantom rider
Please don't take me awayTime is everlasting but nothing outlasts time
Whatever comes must go it seems it's not ours to question why
Just lift your hands up to the sky and taste the warmth of the sun
You're livin' for the moment but your time is gonna comeOhh, Phantom rider
Please don't take me awayYou can feel it comin' the older that you grow
And when your time it's come at last there's some things you'll never know
So always remember to keep your guard held high
'Cause you'll never know when the Phantom will make his sinful rideOhh, Phantom rider
Please don't take me awayOhh, Phantom rider
Please don't take me away
Come to take me away, no
Would come to take me away
