

# Enter The Jokers Lair

## Miike Snow

To us the world is everything,  
It's dangerous to be on your own,  
To dream of home  
I watch it and I can't help but play favorites  
A hand-changing card, a face, a heart

I don't remember how I got down,  
I only know there's been some kind of harm done  
I don't remember how I got down,  
I only know there's been some kind of harm done
