

# Nighthawks

## Two Hours Traffic

At times I wish you weren't so serious  
That's when I'd settle for the ones I've missed  
It's true Nighthawks surround us  
They're posers  
But they just don't quit  
Darling remind me  
To snap out, out of it At times I wish they weren't so obvious  
That's when I settle for the one I trust  
It's you  
Nighthawks surround us  
They're posers  
But they just don't quit  
Darling remind me  
To snap out, out of it I gotta snap I gotta snap out of it  
I gotta snap I gotta snap out of it  
I gotta snap I gotta snap out of it  
I gotta snap I gotta snap out of it  
Nighthawks surround us  
They're posers  
But they just don't quit  
Darling remind me  
To snap out, out of it
