

I'll Be With You

Hedley

5 a.m., where's my friend?
Sunset Boulevard
Flashing lights, read my rights
I guess I went too far
Talking trash, spent my cash
No one else to blame
It always ends, it always ends the same If I'm not in jail tonight
If I don't inhale tonight
And if I don't lose a fight
And if I don't lose my mind I'll be with you
I'll be with you
Oh darling every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you Sleep all day, up all night
Story of my life
Tried to change, change my ways
I can't get it right
I'll get clean, Charlie Sheen
Maybe not today
It always ends, it always ends the same If I'm not in jail tonight
If I don't inhale tonight
And if I don't lose a fight
And if I don't lose my mind I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you If I'm not in jail tonight
If I don't inhale tonight
And if I don't lose a fight
And if I don't lose my mind I'll be with you
I'll be with you
Oh darling, every time I try to stop

Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
