Almost Again

Strapping Young Lad

So you're leaving
So you're on your ownAlmost again
Almost again
Almost again I haveState your reason
So you're all aloneAlmost again
Almost again
Almost again I haveSo at the speed of sound, I will be found
At the speed of light, I will be seenAlmost alone
Almost alone
Almost alone I haveSo at the speed of sound, you're foundSo it's over
Now you're on your ownAlmost again
Almost again
Almost again I haveSo at the speed of sound, I will be found
At the speed of light, I will be seenAt the speed of sound
