

Afterwards (bring Yo Friends)

Kid Cudi

Have us a good time, and I aint gonna lie
Got some friends around, nigga slide by,
Have us a good time and I aint gonna lie
Got some friends around me, got some friends around me Have us a good time, and I aint gonna lie
Got some friends around, nigga slide by,
Have us a good time and I aint gonna lie
Got some friends around me, got some friends around me We should go to my home
Afterwards, come on
Bring your friends, we should go to my home
Afterwards, come on
We should go to my home
Afterwards, come on
Bring your friends, we should go to my home
Afterwards, come on
Bring your friends
Bring your friends
Bring your friends My people be on across the globe
Don't box me in, claustrophobe
Tonight we alive, we should give em a show
And my living room dance floor is ready to go My people be on across the globe
Don't box me in, claustrophobe
Tonight we alive, we should give em a show
And my living room dance floor is ready to go (Bring your friends)
Ready to go
(Bring your friends)
Ready to go We should go to my home
Afterwards, come on
Bring your friends, we should go to my home
Afterwards, come on
We should go to my home
Afterwards, come on
Bring your friends, we should go to my home
Afterwards, come on
Bring your friends
Bring your friends
Bring your friends Bring your friends
Bring your friends
Bring your friends
Bring your friends

Bring your friends
Bring your friends
Bring your friends
Bring your friendsJust bounce, no hands
Girl show you how to do this dance, just bounce, no hands (x8)
Just bounce with me (No hands),
Just bounce with me (Girl show you how to do this dance)
Just bounce with me (No hands),
Just bounce with me (Girl show you how to do this dance)
Ain't it nice, ain't it nice, so right, come rage with me
Ain't it right, so nice, yeah, come rage with me, yeah
So right, so right, so nice, come rage with me, yeah
