## Glenn Miller, His Orchestra

Ran out of time, running my mouth  
Ran up a tab and all the way from Kalamazoo  
And on my way back home  
I was surely stoned, now I'm sober in my yard  
Can't believe I was there, can't believe I've been anywhere elseBut there was a time, I almost forgot  
We had been driftin' all the way from Kalamazoo  
And I said that I loved you too, all the way back home  
There's a old joke, I just made upHow many of me would it take to screw up your life?  
One to settle down, one to turn you around  
Now I'm sober in my yard  
I was gonna say you had to be there  
Now I forget that you're still thereSeems like you'd be frozen  
Frozen there in time  
Waving your goodbye  
Up to the skyYour place on the map has faded away  
Must've been lost in more than one way  
Kalamazoo, don't you know that I've been there too  
And it'd put your mind more at ease  
If you'd say these words and release  
All the way back home
