Birthday Dress

Charlie Wilson

[Verse 1:]
I don't wanna give you flower, candy, it's something that is typical
Wanna give you a gift that you would never forget
This is special day so we gotta do something that's unusual
Go on out, don't hold up
Light up the sky, pyro[Pre-Chorus:]
Go head let your hair down
Another year that you made it
So let's take it to the dance floor[Chorus:]
Make you're request tonight's your night, oh yes
Show off them curves your birthday dress
Blow out the candle and I grant your wish
I'm lovin' you in that birthday dress
Birthday dress[Verse 2:]
Doesn't matter whose watching, it's your holiday so celebrate
Do whatever that you want to do, we won't let the seconds waste
Hands is in the air, let's make a toast, it's rainin' champagne
That girl, that girl is looking sweeter than birthday cake[Pre-Chorus:]
Go head let your hair down
Another year that you made it
So let's take it to the dance floor[Chorus:]
Make you're request tonight's your night, oh yes
Show off them curves your birthday dress
Blow out the candle and I grant your wish
I'm lovin' you in that birthday dress
Birthday dress[Bridge x2:]
Clap your hands and stomp your feet
Cause it's your day, and it's your beat
Said it's your party, you can dance all you like[Pre-Chorus:]
Go head let your hair down
Another year that you made it
So let's take it to the dance floor[Chorus:]
Make you're request tonight's your night, oh yes
Show off them curves your birthday dress
Blow out the candle and I grant your wish
I'm lovin' you in that birthday dress
Birthday dress
