Little Baby

M. Ward

Everything is old in the world
Except for the baby
Little baby, ah little babyAnd nothing's sun isn't seen
Except for the baby
Little baby, ah little babyAnd I say child, be my teacher
Would ya could ya baby yeah?
Little baby, ah little babyAnd everyone is too big to cry
Except for the baby
Little baby, ah little babyAnd everyone knows how to lie
Except for the baby
Little baby, ah little babySo I say child, be my teacher
Would ya could ya baby yeah?
Little baby, ah little babySo I said talk to me baby (talk to me baby)
talk to me baby (talk to me baby)
talk to me baby (talk to me baby)
talk to me baby (talk to me baby)
talk to me baby tell me everything's all rightSo I say child, be my teacher
Would ya could ya baby yeah?
little baby, ah little baby
little baby, ah little baby
little baby, ah little baby
little baby, ah little baby
