

What I Know

Grinderman

Yeah I Know
I know
Oh yeah From the day
That I was born
Yeah I know
From the time
I went to school
Yeah I know From the Time
Was a teenager
I know
From the time
I got married
Hey i Know A million things
Are gonna
Happen to me
In rooms that are much like these It will never be enough
It will never be enough
So you better come over here
You better come over here
you better come on over here
Hey your better come over here
Yeah I know
Yeah I Know
