

I'm Sorry

Brokencyde

sigh

I've been writing this letter,
for a couple of months now.
but right now, what i wana do, is i wana express this letter to you
it goes like this

chorus:
your eyes!
they flow.
from all the pain i cause.
i lost
my cause
i only broke your heart!
alone
i cried
i tryed so hard to brake you
i love you
i hate you
why wont you let me gooooo?

(I feel the raindrops fall
these tears wont take you away
im sorry)

(I hear the thunder scream
its screaming out for me
Im sorry)

the rain it drips the rain drops drip down) (x8
the rain drops down

chorus:
your eyes!
they flow.
from all the pain i cause.
i lost
my cause
i only broke your heart!
alone
i cried

i tryed so hard to brake you
i love you
i hate you
why wont you let me gooooo?

(the rain will follow me, i feel like i cant breath, im sorry)
(I fell asleep again, when will this tempest end, im sorry)

the rain it drips the rain drops down) (x8

chorus:
your eyes!
they flow.
from all the pain i cause.
i lost
my cause
i only broke your heart!
alone
i cried
i tryed so hard to brake you
i love you
i hate you
why wont you let me gooooo?
(i dreamed that you were here
that you were lying next to me,
im sorry)

(I finally realised
that i fucked up your life,
so im sorry)

the rain it drips the rain drops down) (x8

chorus:
your eyes!
they flow.
from all the pain i cause.
i lost
my cause
i only broke your heart!
alone
i cried
i tryed so hard to brake you
i love you
i hate you

why wont you let me gooooo?

I'd die tonight
If only you were here
I'd tell you im sorry
I'd fucking disappear

betrayed
you hate me
you look so pretty now
without me
alone
the tears come crashing down
