Hitler's In The Charts Again

The Exploited

Listen to the sound of the soldiers dancing
Armageddon time on the firing line
don't know what they're doing
Looks like troubles brewing
Wunderbar auf weider zane
Hitlers in the charts again
You look like a tramp put you in a camp
Join the shower quenue in your dancing shoes
Be the dancing champ of your concentration camp
Keep on movin fast remember belsen was a gas
Hitlers in the charts again
Moving in trance watch the soldiers dance
Bloodstains on their feet scared of everyone you meet
Armys on the street can you feel the heat
Watch the soldiers fall it couldn't happen here
