

It's Been Too Long (Driving Wheel)

Quicksilver Messenger Service

I'll stay a while, but I won't stay long.

I'll stay a while, but I won't stay long.

No I won't, it's been too long since I've been next to my lover,

I sure had fun, but now I'm thinking you're here,

'Cause I recall in the letter I read,

It's been too long since I've been next to my lover, hey hey hey hey,

Evening driving wheel will come to rest some time.

Evening driving wheel will come to rest some time.

It's been too long since I've been next to my lover, o woh woh woh yeah,

It's been too long since I've been next to my lover, o woh woh woh yeah,

It's been too long
