I Told You So

Keith Urban

You said you needed your space Oh, I wasn't where you wanted to be I didn't stand in your way I only want you to be happyAnd so how surprised am I To see you here tonightWell, can't you see That for worse or for better we're better together? Please just come back home

No, don't say that you're sorry

And I won't say I told you soSometimes in our life

We get to where we wonder

If the long road that we're on

Is headin' in the same directionWhen it comes to you and me

We're right where I know we should beOh, can't you see

That for worse or for better we're better together?

Please just come back home

No, don't say that you're sorry

And I won't say I told you so

I told you so, hey, yeahSometimes it's like we're deep in

Nothing but love

And the slightest thing can grow so foolishly

Remind me pleaseOh, can't you see

That for worse or for better we're better together?

Please just come back home

No, don't say that you're sorry

You don't gotta say you're sorry babyOh, can't you see

That for worse or for better we're better together?

Please just come back home

No, don't say that you're sorry

And I won't say I told you so

And I won't say I told you so

But I told you so, yeah, hey hey yeahShoulda known better than to leave me, baby Shoulda known better than to leave me, darlin'
