

Let There Be Peace

Donna Summer

Someone let communication out the door
Someone decides it's worth fighting for
Why haven't we learned by what we've done before
Don't you know history's keeping score
And just once more
For every boy and every girl let there be love
All over the world
For everyone
Under the sun(Chorus):
Let there be peace on earth
Let every voice be heardLet there be peace on earth
Brother to brother
'til it's felt around the worldThere's only one world in which we all mus live
Heaven shoe us how to forgive
And on that marble wall which holds a million names
Generations of dreams gone down in flames
Isn't, isn't it a shameFor every boy and every girl
Under the sun...(Chorus):Let there be peace on earth
(why don't you try just a little harder)
Let every voice be heard
(my brother)
Let there be peace on earth
(oh, if we could just get it together)
'til it's felt around the world...We're running out of time
As our leaders roll the dice
The human spirit cries
Its a precious, precious, precious...sacrifice.(Chorus x2)Save the babies, save the babies
If we only get it together
If we could only get it together
I think we could make it
Think we could make it
Save the children...
Save the children...
