Against

BIOSPHIA

More I see the more I hate
The more I learn the more I fake
The less I try the less I get
The less I'm in, I'm never outDon't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew itYou don't know and I don't know
The circle seems the same
Falling down or standing up
I care what it's againstDon't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew it
Don't do that, I knew it
Don't do that, I knew it, knew itWhat the fuck, you blew it
What the fuck, you blew it, blew it
What the fuck, you blew it
What the fuck, you blew it, blew it
What the fuck, you blew it
What the fuck, you blew it, blew it
What the fuck, you blew it
What the fuck, you blew it, blew itAgainst
