

# Sunday Morning

## Columbia

### Verse 1

Id give my life just to feel  
Your body next to mine  
And now the days start to change  
And where we were before its just not the samePre Chorus 1

And maybe its alright  
For you to live this wayChorus 1

Because Sunday morning, came so easy I know, when I go  
Everything is going to be alright, Sunday morning came so quickly,

But time wont pass us byVerse 2

Now everything is not the same  
Where we were before was just a waste

Cant we find a way  
To find each other, find a better dayPre Chorus 2

And maybe its alright  
For you to live this wayChorus 2

Because Sunday morning, came so easy I know, when I go  
Everything is going to be alright, Sunday morning came so quickly,

But time wont pass us byBridge

And everything that you thought you knew is gone

And every way that youve been is just so wrong

And I just cant seem to see your way

And you know, you know, you know, you knowChorus 3

Because Sunday morning, came so easy I know, when I go  
Everything is going to be alright, Sunday morning came so quickly,

But time wont pass us by

Sunday morning, came so easy I know, when I go  
But Everything is going to be alright, Sunday morning came so quickly,

But time wont pass us by

Because time wont pass us by

And I said time wont pass us by

Time it won't pass us by
