

Headache for Michelle

Au Pairs

Got a bad taste in my mouth / got a heavy heart - won't go away
Can't remember much about last night / but I'm trying to regain
a little self-control today
I got out of my head last night
They are coming amongst and in between us
Tapping our phones - you can be sure they've seen us
Are you working for or with the state
They're selling you smack at a slightly cheaper rate
'Cos you're not a threat when you're out of your head
and I'm gonna get out of my head
and it's better in bed - when you're out of your head
and Malcolm is dead - he got out of his head
They are closing down - communications
They're taking control - of our situations
The forces of control are gathering around our heads
