Win or Lose

Sean McGee

Here I go again, whether I win or lose
Whether I win or loseAnother day another dollar it's about gettin' money
Then you can give me a holla, my nose runny
I've been out in the cold, hustlin' for so long
My hands numb, but bet I feel that paper in my palm
It's like ahh shit it's on, time to go shoppin'
For cars not fashion, my whips be the bomb
My clothes, be the same shit that we had on
And fuck lookin' cute, save that for the broadIt's the H A V O, C-dump-and-reload
Knock knock, answer that, I'm blastin' through the peephole
Body charges, pay lawyers so we beat those
But get locked and I'm sluttin' lady C.O.'s
And we the only niggaz you know, that fuck they P.O.'s
They push our files to the top, you still on parole
We got, money to roll, no time for penitentiaries
Too much dollars to fold, it's bulgin' out our jeansHere I go again, whether I, win or lose
But losin' ain't a option girl
My destination is top of the world, top of the world
Here I go again, here I come, win or lose
But losin' ain't a option girl
My destination is top of the world, top of the worldY'all like bitches, the chit-chatterin
Stay not likin' a nigga but givin' dap to him
Hav' don't change for no chick, and they adapt to him
Never get cool with you niggaz, I end up clappin' 'em
Federal note fetish, you fuck with my niggaz
Franklin and Grant, get yo' ass blamed with the quickness
Y'all niggaz is finished
You overdosin' the world with that cute shit
It's time for this realnessHere I go again, lettin' the mac blow
Slugs bubble up in your stomach like lactose
I'ma date shorty, put it up in her backbone
For real, put it on her like wrapped dome, f'real
Know what? We outlive labels, and distributors
We run laps around e'ry artist on your payroll
Then hop up in a Range Rov', jet black
With the black rims, killin yo' bitch in her a-hole; uh-ohHere I go again, whether I, win or lose
But losin' ain't a option girl
My destination is top of the world, top of the world
Here I go again, here I come, win or lose

But losin' ain't a option girl
My destination is top of the world, top of the worldHere I go again, whether I win or lose
Here I go again, here I come win or lose
