

# Creatures Of Habit

## Soul Asylum

If the day wants to begin, you can let the day in  
If the darkness has no end, light up the darkness  
It ain't on what you can depend, it's who you can depend on  
If the rain wants to come in, you can let the rain in  
If the darkness is your friend, you can hold the darkness  
And if it ain't what you got, you know you gotta have it  
The grass gets greener all the time for creatures of  
habit  
Look out, here comes one more morning  
Habits form without a warning  
Love it can be habit-forming  
Make your enemies your friends, and leap standing naked  
It ain't how much you can take, it's how you take it  
Look out, here comes one more morning  
Habits form without a warning  
Love it can be habit-forming for creatures of habit  
Look out  
A habit's forming  
It's just one more morning  
For creatures of habit
