

Danzig Needs A Hug

Sugar Ray

Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Beautiful morning
The sun is shining, I got my life behind me
Beautiful morning
The sun is shining, I got my life behind me
Stay all night if the price is right
I told you so
Stay all night if the price is right
I told you so
Stay all night if the price is right
I told you so
Stay all night if the price is right
I told you so
Come to me
Come to me
Come to me
Come to me
Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Ha ha, touch the sky
Won't come back till the day I die
Beautiful morning
The sun is shining, I got my life behind me
Beautiful morning
The sun is shining, I got my life behind me
You can stay all night if the price is right
I told you so
You can stay all night if the price is right

I told you so
You can stay all night if the price is right
I told you so
You can stay all night if the price is right
I told you so
Come to me
Come to me
Come to me
Come to me
I feel like the next contestant
I feel like the next contestant
I feel like the next contestant
...
