Natalie

Sidekick Mafia

Well Natalie I know
It's such a cloudy day
But don't apologize, it wasn't your mistake
As sadly as it goes
We have to realize
That no one can control
The wind up in the skies

And nothing lasts forever but nothing really should
The change is for the better, but the pain is never good

And I'll beg for mercy, and I'll beg and plead
I'll beg you don't hurt me
Natalie

Natalie I knew but I kissed you anyways
I couldn't see the truth
I was blinded by your taste
It's only me and you so open up to me
Well I can't turn away so give me what I need

Cause nothing lasts forever so I won't live in fear
The change is for the better; the change is coming clear

And I'll beg for mercy, I'll beg and plead
I'll beg you don't hurt me
Natalie

Oh, Well the name I should forget for good is the only name I know
The rain might make the river flood but it won't
All the words I've said and understood, did the whiskey take control
Is the price I pay to feel so good so low

Cause nothing lasts forever so I won't live in fear
Change is for the better Natalie my dear

And I'll beg for mercy, I'll beg and plead
I'll beg you don't hurt me
No, no, no my Natalie
My Natalie

My Natalie
Well I'll kick and scream for Natalie
My Natalie
Natalie
