

Party on Venus

Salon Betty

I love this world
 Girl
 And this part
 Girl, what you sayin?
 Sty robots
 Can we uh.?
 Can we dance?
 That'd be nice
 Lose cool
 Girl yea
 Babe
 Alright huh
 Talk to you later I guess
 Huh yea
 Here we go again in the stars with
 The flying cars and the Martians
 Someone get my ray gun cuz it's time to start this
 Our beat's the hardest
 Give me a star kiss
 And it feels like a light year but baby girl I'm right here
 I could die here
 Let's start this party
 Nobody started
 And I'm rockin my card again
 We could stop, we could start again
 And in my heart's a friend and you knew it
 (What are you tryin? to tell us?)
 We had love and we threw it off the ledge
 I'm off my head, my heart's obsessed
 It's all my good
Then come near to me now, you'll have a good time if you know how to live right
 I'm coming to get you
 Oh you have to get ready cuz it's time for lift off
Then come near to me now, you'll have a good time if you know how to live right
 I'm coming to get you
 Oh you have to get ready cuz it's time for lift off
 It's party on Venus
 It's party on Venus
 These girls are crazy

These these girls are crazy
It's party on Venus
It's party on Venus
This beat is crazy
This this beat is crazy
So dark with my shades
And I'm so under-aged
But I'm just tryin? to rage cuz I
Can save the day
So dark with my shades
And I'm so under-aged
But I'm just tryin? to rage cuz I
Can save the day
It's a party on Venus

High girl with the lowtops
It's a party on Venus
Pink hair which is so hot
It's a party on Venus
Why she left uh
Well I hope not cuz.
It's a party on Venus

She's about to look for and trust but I won't stop
It's a party on Venus
We the cleanest and you jockers never seen this
It's a party on Venus

We the meanest and we lookin where the teams is
It's a party on Venus
We the dopest and this lane wide open
It's a party on Venus

And you're hopeless when it comes to the chosen one
No, we're not done, we the misfits
Mess around, end up on the hitlist
You can hit me back if you get this
You can put it on your wishlist cuz
The stars are looking pretty tonight
We should get busy tonight
Kickin electricity night

We bout to dance in the stars of the city tonight cuz
It's party on Venus
It's party on Venus
These girls are crazy
These these girls are crazy
It's party on Venus
It's party on Venus

This beat is crazy
This this beat is crazy
So dark with my shades
And I?m so under-aged
But I?m just tryin? to rage cuz I
 Can save the day
 So dark with my shades
 And I?m so under-aged
But I?m just tryin? to rage cuz I
 Can save the day
 It?s a party on Venus
 These girls are
 These girls are
 It?s a party on. crazy
 It?s a party on. crazy
 This beat is. Venus
 This beat is. Venus
 Girl
 I love this world
 But still
 And this part
I have no idea what you?re saying but.
 Guess what.
 What you doing?
 What you saying?
