

Feels So Good

Monica da Silva

Something's got a hold of me
Maybe it'll set me free
Don't know if I want it to
Something's got a hold of me
Maybe it'll set me free
Don't know if I want it to

It feels so good
It feels so good
It feels so good
I gotta have it

Someone's got a hold of me
Maybe they will set me free
Don't know if I want them to
Something's coming over me
Maybe it'll set me free
You know what I'm going through

It feels so good
It feels so good
It feels so good
I gotta have it

It feels so good
It feels so good
It feels so good
I gotta have it

Can't live without it
I gotta have it
Can't live without it
I need it
I need it
Can't live without it
I gotta have it
Can't live without it
I need it

It feels so good

It feels so good
It feels so good
I gotta have it

It feels so good
It feels so good
It feels so good
I gotta have it

I gotta have it
I gotta have it
I gotta have it
I gotta have it
