Oh Darling (Feat. Cady Groves)

Plug in Stereo

You seem quite nice for a girl with good looks
And I'm the kinda fellow that'll make you feel better when your life gets shook
So give it a chance according to your plans
I bet I'm not number one on your list to kiss, but please understandYou seem quite shy, but you're oh so cute
And I'm the kind of girl that would love to be yours if you'd asked me to
So just take a chance, try to hold my hand
I swear I'd never let go
Just let me know if you'd be my manI really want to come out and tell you
Oh darling, I love you so
If you'd ask me for my heart, there's no way that I'll say no
Oh darling, just take a chance please
So we can stay together till hell starts to freezeYou seem quite right for a boy like me
And I wanna know would you treat me well
Would you treat me like a queen
Cause I'd like to show you and make you see
That although we're different types
We were meant to beI really want to come out and tell you
Oh darling, I love you so
If you'd ask me for my heart, there's no way that Ill say no
Oh darling, just take a chance please
So we can stay together till hell starts to freezeSo I gotta ask you,
I cant be afraid
I gotta take a chance at love
So what do you sayOh darling, I love you so
If you'd ask me for my heart, there's no way that Ill say no
Oh darling, just take a chance please
So we can stay together till hell starts to freezeOh darling, I love you so
If you'd ask me for my heart, there's no way that Ill say no
Oh darling, just take a chance please
So we can stay together till hell starts to freeze
