

Extra Pale

Goo Goo Dolls

Extra pale, oh you're frail now
I couldn't laugh about it
Tragedy, sets you free but
I should have known it from the start
I should have known that it was Just another sequel
Just another reason for you How's your day, did it go your way? But
You never ask about it
All the things I, wish I'd be I
Should have known it from the start
I should have known that it was Just another sequel
Just another reason for you
Just another sequel
Just another reason for your sigh Extra pale, oh you're frail now
I couldn't laugh about it
Tragedy, sets you free but
I should have known that it was Just another sequel
(For your love)
Just another reason for you
Just another sequel
(For your love)
Just another reason for you
