Lead the Way

Human Cycle

Kid I got something to tell
A trap that`s hidden behind each door
Something I never felt
Gives nothing but the weak want moreCome on grab the wheel and Lead the Way
Instead of Silence better to LayWatch that lonely broken tree
Roots stop growing where no one can fake
Rotten Air, forbidden breed
Something`s moving no one can shakeCome on grab the wheel and Lead the Way
Instead of Silence better to LayA trap behind each door
You think you need some room
Gives nothing, the weak want more
I hope not feel it soonCome on grab the wheel and Lead the Way
Instead of Silence better to Lay
Come on grab the wheel and Lead the Way
Instead of Silence better to Lay
