

Mr Mysterious

Vanessa Amorosi

Mr. Mysterious
Mr. Mysterious
Mr. Mysterious
I saw you, I saw you
In the middle of the night
In the night there was two
There was two of us
To share in a glare, in a glare
How nice of you to share
What we had 'til you disappeared
At the end of the night
Asking around and around
Did you see what just went down
What went down I think he
He maybe was the one
But I let, let him get, let him get away
Now I'm back, now I'm back to the start
Where I was before
Mr. Mysterious, has got me so serious
Now I'm delirious
I try and try to just move on
But all I do is play this song
When I get out, I get out
When I get outside the house
Out the house not to work
I'll be looking for a guy
That I saw, that I saw
In the middle of the night
Yes, the night
But for some silly reason he got away
No, said no, no, no, I don't really have a clue

What he's like who's to know
But I'm sure he'll be the one of a kind
Of a one that I'd really like to keep
But it's all just a distant memory I talk about
Mr. Mysterious
Has got me so serious
Now I'm delirious

I try and try to just move on
But all I do is play this song
Use my peripherals, keep it original
Saw mami shaking it up on the floor
No, not the minimal maxed out the rhythm till
Every guy crept up and wanted her more
Now I ain't the kind to come from behind
And wade through the he said she said and rest
I'm taking my time and maybe she'll find
Me playing the back when she sorts through the mess
You need it you get it you got it
And then when you got it you won't even want it
I been down this road every sign just says stop it
But like an obsession can't keep myself off it
We're lost in the game no numbers no names
All this anonymity turns up the heat
Conventional ways don't cut it these days
Diggin' the way that you rockin' this beat
Mr. Mysterious
Has got me so serious
Now I'm delirious
I try and try to just move on
But all I do is play this song
