Conquest

Judas Priest

The night of reckoning
The days of old
His might is menacing
Sword and shield made of gold
Conquest and fire, the age of desire
When man will be free once more
Like rays from the sun that heal everyone
Living for evermore
Bow down in reverence
Keep faith, be true
Give thanks for armistice
Be brave, he'll come through
Conquest and fire, the age of desire
When man will be free once more
Like rays from the sun that heal everyone
Living for evermore
Conquest and fire
We will be strong
Days of desire
Making us stronger
Revenge and reckoning
Beware of this God
His might is menacing
Shield made of gold
Sword and shield of gold
The mighty stand alone
Conquest and fire, the age of desire
When man will be free once more
Like rays from the sun that heal everyone
Living for evermore
Conquest and fire
We will be strong
Days of desire
Making us stronger
Conquest attest
Stands triumphant
Heaven sent, be vigilant
Don't relinquish
