I Wanna Go Home

Sator

In this bar, in this bar, I am dying
In this bar, in this bar, I am dying
Disassociated, keep off the grass
I prefer you naked, this too shall pass
Nuance carefully weighted, too slow, too fast
Too slow, too fast
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home
Kissing is forbidden, biting leaves marks
Sex is overrated, I need to dance
Calmly understated, well, you always had class
This too shall, hide is amour-plated
Oblivious to darts, this too shall pass
I wanna go home
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
Right now, right now, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, right now
I wanna go home, I wanna go home
In this bar, in this bar, I am dying
In this bar, in this bar, my heart's dying, dying
