

The Wait Is Over

Disciple

I can feel it in the, I can feel it in the, thunder rollin', lightnin' crashin'
Its our time, the wait is over, fires burnin', floods are risin'
Its our time, the wait is overSitting in ashes, we're broken with our faces
Downward like theres nothin' we are lookin' forward toWe've been waitin' so long for this moment all our lives
Let it pour outI can feel it in the, thunder rollin', lightnin' crashin'
Its our time, the wait is over, fires burnin', floods are risin'
Its our time, the wait is overHopin' and prayin' in silence that the blessin' of the former
Isn't the end of what we look forward toWe've been waitin' so long for this moment all our lives
Let it pour outI can feel it in the, thunder rollin', lightnin' crashin'
Its our time, the wait is over, fires burnin', floods are risin'
Its our time, the wait is over, the wait is over, the wait is over
I can feel it in theWe've been waitin' so long for this moment all our lives
Let it pour outI can feel it in the, thunder rollin', lightnin' crashin'
Its our time, the wait is over, fires burnin', floods are risin'
Its our time, the wait is over
