

# Sick of Life

## Godsmack

Paralyzed, nothing's getting through to me  
Hypnotized from all my surroundings  
I wanna be something I could never be  
I wanna say things that I could never say  
Yeah, I'm gonna do it again Sick of my life  
I'm tired of everything in my life Trapped down, rubbing my face in the ground  
No time for the undecided  
I wanna know why I've always felt alone  
I wanna love, why am I untouchable?  
Yeah, I'm gonna do it again Sick of my life  
I'm tired of everything in my life I never wanted to be sick of my life  
I'm tired of everything in my life
