

Repeat

THE BREW

Locked up in a loop I can't break loose
Living in a dÃ©jÃ© vu
Torn between first and last
What am I to do And I've been here before
And I got to breakout Turn back!
Repeat! Cover my eyes spin me around
Lead me by the hand
Place a noose around my neck
I'm lost in no man's land And I've been here before
And I got to breakout Turn back!
Repeat!
