Eighteen

Integrity

Massacred blood on a blue horizon
Roadkill shows like cherubs in my floodlights
Another highway, another state
Cigaretteï»¿ burns me i wake with a start

'18 wheels are rolling, rolling over my heart'
'18 wheels are rolling, rolling over my heart' Rolling,
'18 wheels are rolling

Smokeys in my rear view mirror
Nowhere to go except forward
Kessler warmed abdomen, no feeling
Only crucifixion
Her wounds smile at me fatally my sweet liar belial
'18 wheels are rolling, rolling over my heart'
'18 wheels are rolling, rolling over my heart'ï»¿
Rolling, '18 wheels are rolling

CAT steel toe heavy on the pedal
Tire iron in my hand
Blood clotted scarred emotion
Hand axe redecoration
Regurgitated cattle cranium
Asleep in bile, nutured by mother
Face down while babies lay asleep
Never make a sound demolished rig
