

Grange Hall Dance

[Chris LeDoux](#)

Have you ever been down to a country dance
And listened to the music of a hillbilly band
And danced with your darlin' all through the night
And don't go home 'til the morning light? Oh well, if you ain't you don't know what your missing
Laughter and dancin' a huggin' and a kissin'
Everybody there's just havin' a ball
A dancin' all night at the old Grange Hall The people they come from miles around
The ranchers, farmers and folks from town
There's bald headed men and old fat women
And kids in their teens and little bitty children So put on your boots and stomp on the floor
And have more fun than ever before
Man we're really havin' a ball
A dancin' all night at the old Grange Hall, yeah Well, the sun's comin' up and it's time to go home
The band they're playin' that final song
Everyone's leavin' and sayin' good night
But you're lookin' forward to next Saturday night So you can put on your boots and stomp on the floor
And have more fun than ever before
Man we're really gonna have us a ball
A dancin' all night at the old Grange Hall So put on your boots and stomp on the floor
And have more fun than ever before
Man we're really gonna have us a ball
A dancin' all night at the old Grange Hall, yeah
