

Absolute Unbreakable

Amrit Bains

doing in life
big or small
keep the head up
keep on walking tall
nobody can break us
no one can make us fall
story had to be told
now
see the foe!

I'm fed up with this nut
calls himself amrit bains
this guy, has gotten under my skin
ive been trying to stop him for years!
instead of stopping, hes gotten noisy, rude, arrogant, and in plain words a pain in the ass!
Stop this guy.

Boss, don't worry about it.

They tried to kill me.
They did their best.
I pulled the dagger
straight out my chest
