

Creedence Song

John Fogerty

Daddy had a band
Playin' him a little guitar
Travel in a band
Livin' that rock 'n' roll
Night after night
People comin' up to the bandstand
You say you can't go wrong
If you play a little bit of that Creedence Song
But it was late one night
Cruisin' on down the interstate
Stopped into a diner
To get him some chili and fries
Heard the waitress tell a guy
Standin' over by the jukebox
Hey, you can't go wrong
If you play a little bit of that Creedence Song
Do do, do do, do do, yeah
But daddy took a shine
Little girl behind the counter

She was movin' her hip
To the swamp beat right on time
Said could he play somethin'
Over there on the jukebox
She said you can't go wrong
If you play a little bit of that Creedence Song
Daddy had a plan
He asked that girl to marry
With a brand new wife
They're livin' on rock 'n' roll
Night after night
She whispers, oh, so sweetly
Hey, you can't go wrong
If you play a little bit of that Creedence Song
Yeah, you can't go wrong
If you play a little bit of that Creedence Song
Do do, do do, do do, well
