Ask Yourself

Greed

Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
I'll leave you happy, yes
I'm well educated
And me and the maker of love
We were both related
When I wrap my lips around you
Baby, baby, your going to get faded, yeah
Are you prepared for love on cloud nine
Girl, 'cause I can make it
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
I admit I'm off the chain
I'm crazy as they come, crazy as they come
I promise you, said I promise you
That I, that I won't come too soon
A man that lives by there word
A man that lives by there word is a strong man
And that's what I live by
So if you're prepared to fly
I said if you're prepared to fly
So ask yourself
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
I'm talking 'bout love

'Cause I want you, I want you, baby
I think you're simply beautiful
Girl, long as there's air to breath
I will be yours, you and me so prepare for lift off
But before we ride ask yourself tonight
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
Ask yourself a question
Have you ever had a session of lovemaking?
Do you want me
Have you ever been to heaven?
