Beginning of the End

Into Eternity

The legend brings forth a time to come
No reason to slay the newborn sonThe sky is falling
No escape Armageddon
The sky is burning
The end is just the beginningBurning dead send swirling victimsEnding
Lights fade away
your Searching for your soul
Beginning of the end
your Searching for your soulInvasions dark armies armed with hate
An ancient world rises once againEradication of the mind
Beginning of the end
No escape ArmageddonEnding lights fade away
Searching for your soul
Beginning of the end
Searching of your soulBurning dead send swirling victimsEnding
Light fade away
your Searching for your soul
Beginning of the end
your Searching for your soulBeginning of the end
