Nic's Groove

The Foreign Exchange

We just want to chill and let you party
Just puff, just rock
I know you probably don't know,
Don't like the way we groove you
I think I'm ? just let our music move you

I'm more than beats, I'm more than rhymes,
Please, I'm not your everyday find
JayDee's on a mission to shine and get some sunlight
And get our ones right, and keep our fam tight
That's why I grab mics and take control ya'll
Move shows like hoes on booty calls
So when duty calls, Tay know I'm ready
We get 9th, no doubt, and all rocksteady
Peep how my mind's heavy, my ideas reign
The pen pours and next week it's the same thing
Mental precipitation without the weather reports
Or forecast to predict my thougts
Found guilty in the presence of courts
We the best out-
That's why I walk state proud with my chest out
Peace to L-Smith, still holding me down and Eddie K,
My main man uptown, cause it's on niggas.

We just want to chill and let you party
Just puff, just rock
I know you probably don't know,
Don't like the way we groove you
I think I'm ?? just let our music move you...

Uh, yo.
Naw, it ain't about me, I'm just an average cat
That go to work freestyle and kick battle raps
And damage any nigga fuckin' with my habitat
Me and pooh connect like He-man and Battlecat
At local spots where the chicken heads babble at
Claimin' they independant like Lance be to Miramax
Pause if you feeling that 'cause I'm still in fact
On some Purple Rain shit, Jerome where my mirror at? (ooohh)

I'm on hips and some asses wiggling
In every latitude, longitude and meridian
Female citizens looking, lauquing, and giggling
Tired of bullshit so they come to us for deliverance
Don't fuck with the middleman, I'm making the calls
Live and direct, love on ya set with blatant applause
Never taking a fall,
Just had to get that shit straightened with ya'll
I break bread and wanna make it with ya'll
So here we go ya'll, uh check it.

We just want to chill and let you party
Just puff, just rock
I know you probably don't know,
Don't like the way we groove you
I think I'm ?? just let our music move you...
