Miss K.

Deer Tick

Don't you waste anytime with those bags under your eyes
Put your bag in your hand and run with me
Just to know you're this close, darlin' I nearly choke
Can't you see you can have all my tomorrows
Come on Miss K., wrap your lovin' arms around me
Talk dirty, turn me on, let's get goin'
Well, we're young and we're brave, so turn your back and walk away
Turn your back to the past and take off fast
Just to dance in your arms, it's like I can't fall apart
So take a chance, change your stance and see what happens
Come on Miss K., wrap your drunken arms around me
Talk dirty, turn me on, let's get goin'
Well, our lives are ever changin'

Some shit always hits the fan
Oh, but when we first locked eyes
Well Miss K., you took me by surprise
Don't you waste anytime with those bags under your eyes
Put your bag in your hand and roll with me
Just to know you're this close, darlin' I nearly choke
So can't you see you can have all my tomorrows
Come on Miss K., wrap your lovin' arms around me
Talk dirty, turn me on, let's get goin'
Come on Miss K., wrap your lovin' arms around me
Talk dirty baby, turn me on, let's get goin'
Let's get goin', get goin', goin'
Hey, where we goin'
Let's just go, keep movin', baby
