Hard Enough Time

MAKUTA

Verse

We were young and wild

Caught in a rolling tide

And every little moment

was a rush to my head

Now we're fading out

Filling up with doubt

Always in a shade of a

burning red

Pre-Chorus

Tonight, I can't hide it no more

Tonight, I want to say what you know

Chorus

I've had a hard enough time

With you dear

I've had a hard enough time

With you near

A hard enough time

Oh, a hard enough time

Without you here

Verse

So maybe this is where

We are beyond repair

But if we don't belong, why do I long

for you?

Â´Cause I still believe in when

We said love would win

For better or worse, darling

I do

Pre-Chorus

Tonight, I can't hide it no more

Tonight, I want to say what you know

Chorus

I've had a hard enough time

With you dear

I've had a hard enough time

With you near

A hard enough time

Oh, a hard enough time

Without you here

Bridge

Ooh, Oo

Ooh, Oo

Ooh, Oo, without you

Ooh, Oo

Ooh, Oo

Ooh, Oo, without you

Ooh, Oo

Ooh, Oo

Ooh, Oo, without you

Ooh, Oo

Ooh, Oo

Ooh, Oo, withooooooout you
